SUMMARY OF PREVIOUS STATE BOARD OF EDUCATION DISCUSSION AND ACTION

Both EC 56101 and CCR, Title 5, Section 3100, allow the State Board of Education to approve waivers of resource specialists to exceed the maximum caseload of 28 students by no more than four students. However, there are specific requirements in these regulations, which must be met for approval, and if these requirements are not met, the waiver must be denied.

A Resource Specialist is a credentialed teacher who provides instruction and services to children with Individualized Education Programs (IEP) that are with regular education teachers for the majority of the school day. Resource Specialists coordinate special education services with the regular school programs for their students. Statute limits caseload for Resource Specialists to no more than 28 pupils unless the State Board of Education grants a waiver.

SUMMARY OF KEY ISSUES

Hollister School District will provide the assistance of an instructional aide for 5 hours each day to the Resource Specialist when the caseload exceeds the statutory minimum during the waiver effective period. The waiver request indicates the caseload for the Resource Specialist will not exceed the maximum statutory limit of 28 students by more than four students. The bargaining unit representative was contacted on June 8, 2004. The Resource Specialist agrees to the waiver request, and the bargaining unit is neutral on the request. The Resource Specialist did not have a caseload of more than 28 students during the 2002-03 school year. This information was reviewed with all parties by California Department of Education on June 8, 2004.

Because of inadvertent confusion surrounding this waiver request, it was not processed until late in the 2003-04 school year. As a consequence, the State Board of Education will not consider the request until after the 2003-04 school year is over. The CDE recommends that the request be approved.
